Hello,

Requested User ID creation has been done in Netpro. Details are as mentioned below :-

Email Address – vaibhav.jagtap.ext@siemens.com

Login ID - ad001\ Z004D45F

Password – will be shared with requestor via encrypted email

Note: password can now also be reset from the internet by using the new password reset service "MyPassword".

With this service, you can now reset your Windows password not only from the company intranet but also via the internet making it ideal as a remote service tool.

The service is available under mypasswordreset.siemens.com

Note: for user profile configuration and password issues, Please raise a ticket by calling on 0008000501807 or https://siemens.service-now.com/myIT/my-incidents.do

@TCS AD Team,

As per the Above details Kindly raise the mailbox creation request with the Global Exchange team and confirm with the user.

Note: Mailbox creation will take 4- 5 business working days. Kindly configure the outlook once the mailbox ready.

Display name will change as per global standard during SCD2AD sync activity

With Best Regards,

RB Kola
L1 AD Exchange Support
